DOWNLOAD THE FREE URBAN WALKABOUT LAYAR APPLICATION

Urban Walkabout & Layar present an exciting new way to explore the city using augmented reality on your smart phone (iPhone 3GS/4 and Android phones). Augmented reality (AR) uses the GPS and compass in modern smartphones to determine where you are and the direction you are facing. It then presents relevant information on the screen about what is right in front of you, overlaid on the image from the phone's camera - making it easy to find all the Urban Walkabout featured places near you!

To download go to **App Store** (for Android phones go to the **Market**), search for the application called "LAYAR" and download it. Once you have installed the Layar application, simply open it and find the **Urban Walkabout Layar** within the folder "Local".

Follow us on facebook and twitter for the latest news and sign up for our monthly newsletter online at www.urbanwalkabout.com.

COVER ILLUSTRATION

As lovers of everything creative and design-driven, **Urban Walkabout** is proud to support Sydney's talent. Every issue of **Urban Walkabout** features illustrations by local artists on the cover. **This issue features artwork by Sydney artist Dan O'Toole**, also known as "Ears" (earstotheground.net).
